---	--------	------	--------	------	--------	------	--------	------	--------

- AQ-res: Increase at yr-15
- Lum-res: always at 0 due to absence
- Art.-res: Increase at yr-15 as ASAQ's switched in and drops at yr-20 when DHA-PPQ switches in
- Double: increase at yr-20 with DHA-PPQ
- ? - yr10-15: why double drops half-way?
